Memorandum

To: Faculty Council
From: Kevin Tasa & Matthias Kipping
Date: September 15, 2025
Subject: KS EMBA Committee Work Plan for 2025-26

In addition to conducting routine matters, such as approving new courses taken by our students at the partner schools within the Kellogg Global Network, or deciding requests for extensions to a Leave of Absence, the committee will:

1. Monitor the application of ChatGPT and similar programs by students for their deliverables and (in conjunction with the professors) identify methods to test their knowledge that preclude their use, while also looking at ways to employ these programs purposefully and productively as part of the learning process.
2. Further refine the measurements of the learning outcomes required for AACSB accreditation and develop some internal metrics for assessing the quality of the overall academic experience as part of renewed mid- and end-of-program evaluations.
3. Assess the success of the Innovating for Social Impact (ISI) capstone, which was modified for the most recent cohort by adding a second destination (Tanzania) and distinguishing them in terms of the specific target group (social entrepreneurs and community-based co-operatives), and make adjustments if necessary.
4. Consider strengthening the development of applied skills, notably those related to communication and leadership, and coordinate these with the relevant courses and their academic content.
